

Carlo P. Marinello, M.S.

Dr. med. dent., Prof. em. University of Basel

Einladung zur Fortbildungsveranstaltung

Datum Freitag, 26. Oktober 2018, 13.00-20.00 Uhr

Kursort Universitätsspital Zürich
Grosser Hörsaal, NORD 1 D, Frauenklinikstrasse. 10

Referenten Dr. Somkiat Aimplee DDS; Aram David Torosian MDC, CDT, AS

Titel Maximizing Esthetics in Functional Rehabilitations Through Teamwork

Veranstaltung auch für Zahntechniker empfehlenswert [Unkostenbeitrag CHF 150.-]

Abstract This presentation will outline the comprehensive management of esthetic and implant rehabilitations from an artistic and digital standpoint to optimize the communication between the restorative dentist and the dental ceramist. This system for clinical and laboratory teamwork includes key concepts for effective communication, integration of CAD-CAM technology according to the ceramic selection and the fabrication and delivery of Full Arch Implant supported Zirconia Prosthesis

Curriculum **Dr. Somkiat Aimplee** holds DDS degree from The Srinakharinharawrote University, Thailand and Prosthodontics certificate and Esthetic and Implant Fellowship from Georgia Regent University (GRU) College of Dental Medicine. Dr. Aimplee has published numerous articles on Quintessence Dental Technology, European Labline Magazine and American Journal of Cosmetic Dentistry. He is a Diplomate of American Board of Prosthodontics, fellow of the American College of Prosthodontist, Accreditation Certify of American Academy of Cosmetic Dentistry and Digital Smile Design Master/Instructor Certify. He is currently assistant Adjunct Professor of Oral Rehabilitation Department at Augusta University College of Dental Medicine, and maintains a private practice focus on Esthetic and Implant prosthetics in Bangkok, Thailand.

Aram David Torosian M.D.C., C.D.T. is a Master Dental Ceramist at the Ronald Goldstein Center for Esthetic and Implant Dentistry - College of Dental Medicine, Augusta University, directed by Dr. Gerard Chiche. Mr. Torosian received his Associate of Science degree in Dental Technology from Los Angeles City College in 2005. He completed his Masters in Dental Ceramics in 2010 from UCLA School of Dentistry's Center for Esthetic Dental Design, under the direction of Prosthodontist and Master Ceramist Dr. Edward McLaren. Mr. Torosian is actively involved in many areas of prosthodontics, including authoring numerous dental publications and has presented several podium lectures across the nation.
